CALL THE OFFICE

Parents - please remember to call the DMS office to let them know if your child is sick, has an appointment, or will be out of school for any reason. Students sometimes forget to bring in notes to the office.

NEW DMS STAFF FOR 2023-24 SCHOOL YEAR

Ms. Crubaugh - Paraprofessional
Mr. Garde - Paraprofessional
Ms. Guentz - Kitchen Server
Ms. McGuire - Special Education
Ms. Tilley - 8th Grade Science
Ms. Wackerlin - Engineering, Food Science, Intro to Ag, and STEAM
Ms. Weber - Paraprofessional
Ms. Wellner - Paraprofessional
Ms. Woodward - Paraprofessional

IF YOU HAVE TO LEAVE SCHOOL EARLY

You must bring a signed note from your parent/guardian to the office or a phone call from a parent before the start of school. You will be given a slip to show your teacher. You need to check out with the office when you leave school. Stop at the office when you return to school after an appointment. If you bring a note from the doctor's office your absence will be considered exempt. This includes medical, dental, ortho., and counseling appointments. If you have any questions, please contact the DMS office staff.

Weekly	\$ 1.75
Daily	.35

LUNCH CHOICES

DMS students who take advantage of our hot lunch program have a choice of daily entre, a peanut butter and jelly sandwich, or the ever popular prepared salad. Students will need to indicate their choice to their 1st period teacher so enough food can be ordered. It's always good to have a choice for lunch!

The Principal's Post

Greetings Dodgeville Middle School Families,

We have had a great start to the 2023-24 school year and it has been enjoyable seeing all of the excitement that students bring to the building. The mission of Dodgeville Middle School is “We prepare students for their future by fostering achievement through our commitment to academic growth and social and emotional well-being.” These are not mere words we put on a page but actions we live by. We are honored to serve our students and work with their families to ensure that we create the conditions together that allow our young scholars to get the most out of their abilities.

Homework Help on Tuesdays and Thursdays from 3:30-4:30

Again this year we will be providing homework help for students after school on Tuesdays and Thursdays. This is an opportunity for students to get additional academic support from a member of our professional staff. There is no transportation provided after the club so parents/guardians need to provide a ride after homework help concludes. This is a great way for students to receive some additional guided practice on assignments they are receiving.

Clubs and Academic Success

We are really excited to be offering clubs to our students this year. They will have an opportunity to try some new clubs and activities and learn some things outside of a traditional classroom. We have a wide range of activities from cooking, performing arts, board games, art, FFA, Builders Club, and many, many more. We will also be providing additional academic support for students during this time and if students have a D or an F, or have 3 or more missing assignments in any class they will miss the club that day and receive some additional academic support in place of it.

Eligibility

We will be doing Monday grade checks for students this year to ensure we are putting our school endeavors first over co-curricular activities. If a student is failing at Monday grade check they will be ineligible to compete in any games or events that week. They are still able to practice but can't participate in the competitions or events. We want to help build the foundation for our students to be successful in this school year and beyond.

Thank you families for your support of our school and I am looking forward to another great year!

Toby Tripalin
DMS Principal

DMS CLUBS

CARING CRAFTER CLUB

A new opportunity will be available to Dodgeville Middle School students this upcoming school year; the Caring Crafters Club. If you have been a patient or had a procedure at Upland Hills Health, you may have received a greeting card afterwards. A local group, Caring Crafters, meets to create these handmade cards. This year, we are inviting any interested middle school students to join our own middle school version of Caring Crafters. When we meet for club

time on Wednesdays, students will be able to work to create greeting cards, which will then be donated to the hospital to then be sent to patients or residents of the nursing home and rehabilitation center.

How can you help? If you are a paper crafter and have any 8 1/2 x 11 inch or 12 x 12 inch cardstock or patterned paper that you are not using, please consider donating it to our group. Even if you are not a paper crafter, and just want to donate, we appreciate your generosity! We will also be using adhesives to attach pieces and a donation of adhesives (Elmer's, found at Wal-Mart in the craft aisle, for example) would be appreciated. All donations will create finished products that will go directly to Upland Hills Health. Jill Fuerstenberg and Dee McConnell from Upland Hills Health have been in contact this summer and Ms. McConnell is looking forward to joining the students in Mrs. Fuerstenberg's room to let them know how the cards are used and what an impact they will have.

If you have any questions, please contact Jill Fuerstenberg at jfuerstenberg@draschools.org. Any donations can be put in her name and brought to the school office.

Ms. Jenkins' Counselor's Corner

Hello DMS Families! My name is Ms. Jenkins and I am the School Counselor here at DMS. It has been a great start to the 2023-2024 school year and I have really enjoyed getting to know all of our new and returning students and building relationships with them!!

During the first semester I am working with two of the 5th grade classes during a guidance time and we are getting ready to wrap up our first unit on Friendships. In October we will be doing a unit on Bullying, learning about how to resolve conflicts and recognizing Red Ribbon Week. Ask your students about the Friendship recipes they created and what ingredients (good qualities of being a friend) they used!

On Wednesday, 9/27, we kicked off our first Academic and Career Planning (ACP)/Xello lesson with 5th-8th grades. Xello is a college and career readiness software that we use for 6th-8th grades to start having conversations about what students may want to do after high school and start creating a plan to help them reach that goal. 5th grade unfortunately does not have this program, but we will still have different activities very similar to what the 6th-8th graders will be doing to help them start that career exploration adventure!

Here are the lessons each grade will be working on:

5th: Creating About Me Profiles, which will include 1 experience, 5 skills they have, 5 interests they have and 3 careers they are interested in.

6th: Creating About Me Profiles, which will include 1 experience, 5 skills they have, 5 interests they have and 3 careers they are interested in, as well as completing the *Interests Lesson*.

7th: Creating/Updating About Me Profiles, which will include 1 experience, 5 skills they have, 5 interests they have and 3 careers they are interested in, as well as completing the *Learning Style Quiz and Learning Styles Lesson*.

8th: Creating/Updating About Me Profiles, which will include 1 experience, 5 skills they have, 5 interests they have and 3 careers they are interested in, as well as completing the *Skills Lesson*.

~ NEWS AT 6 ~

ELA

Sixth-graders have been helping to establish our classroom norms, our routines and our expectations for this school year. I'm very impressed with the quality of writing the students are demonstrating so far. Our first unit is a story written by Roald Dahl about his time in a British boarding school. He and four friends dream up The Great Mouse Plot which involves putting a dead mouse in the candy jar of a candy store they visit after school. Students have written about the main characters, if they feel bad for the store owner, and have made predictions about what will happen next in the story.

We will continue with this unit for most of October. Students will find out about what the boys experience as a result of them playing the prank on Mrs. Pratchett and write about how this affects them in the future. Students will also be writing a personal narrative about an event in their lives.

If you have any questions, or need to share information with me that you think would be helpful, please reach out to jfuerstenberg@draschools.org.

~Jill Fuerstenberg

~ HEALTH ~

Quarter 1: Health Education with Ms. Day-Nelson

7th-grade students will explore communication skills and mental health. They will explore how stress can be positive or negative and how it impacts their health. We will play C'mon 6 which allows students to feel the stress response while playing a fun game. Students will discuss the signs of suicide and how to respond when someone is experiencing a mental health crisis. Students will have an introduction and overview of mental disorders. We will discuss how stigma prevents people from getting the help they need when in a mental health crisis.

8th-grade students will be in the Social Safety 2.0 unit. In this unit, students will discuss and explore how bullying and harassment poison the environment. There will be an emphasis on finding ways to stay safe, be empathetic, and take ownership of their behaviors. Students will look at ways to be safe online and what choices may lead to danger. We will do a deep dive into sexual bullying and harassment. There will be a unit project. This project will ask students to apply the informal resolution process for harassment to a given scenario.

LATEST FROM THE LIBRARY

"Brad the Book Guy" Visit

Brad "The Book Guy" Van Epps of CESA 3 came to DMS on Friday, September 22nd to broadcast one of his biweekly booktalks from the library. All sixth graders had a chance to attend his talk live from the library, while other schools in the area tuned in via Zoom.

Seventh and eighth-graders watched the recording later in the day. Brad highlights books of different themes that are geared towards students in grades 6 to 12. The students were so impressed that they immediately wanted to check out the books that were available in our library and some asked for Brad's autograph. Brad first visited us last year and ELA classrooms began tuning in to his broadcasts. This allowed students to hear about different books and were able to hear recommendations from another individual. Brad has a wealth of knowledge and shares his

enthusiasm for reading in each of his visits. We are so lucky to have had him join us for one of his talks!

Have You Discovered *Destiny Discover* Yet?

Ms. Spady has been working with students to re-introduce them to Destiny Discover catalog as a personalized means to get news from the library, explore and find print books as well as other learning resources. The link for the DMS Library (grades 5-8) is:

<https://search.follettsoftware.com/metasearch/ui/71473>

Ebooks, Audiobooks and Digital Magazines, Oh My!

Do you like reading or listening to books on your Chromebook? Students can check out a great collection of ebooks, audiobooks, or even magazines curated just for middle schoolers using Sora by OverDrive.

- [SORA website \(http://www.sorapp.com\)](http://www.sorapp.com)

Family Reading Corner

Have you wondered why children and teens might be attracted to scary stories? While they might not be everyone's "cup of tea," with Halloween approaching, we wanted to share this article with you by author Josh Allen that offers one perspective on the topic, "[What Horror—Yes, Horror—Can Do For Kids](#)"

(<https://teenlibrariantoolbox.com/2021/09/09/what-horror-yes-horror-can-do-for-kids-a-guest-post-by-josh-allen/?sa=D>)

~ PHYSICAL EDUCATION ~

Building Our Fitness Foundation: DMS Physical Education

PACE: The pace is part of the daily PE routine.

- GOAL: Students are asked to find a running pace that works best for them and maintain that pace for 2 minutes with no walking or stopping

During the first quarter, we use a progression to help students who cannot run nonstop for 2 minutes yet. The progression provides steps toward the goal. If students follow the progression they are more likely to find they can reach the goal and the expectation of being able to run, at a pace that works for them, for 2 minutes without walking or stopping by the second quarter.

- PROGRESSION or RAMP: Students are asked to complete the minimum requirement in the progression as they work towards the pace goal.
 - Step 1: Students run, at their own pace, 60 feet then they may walk 30 feet. The distances are marked in the gym providing guides for when to begin running or walking.
 - Step 2: Students eliminate one of the walking zones.
 - Step 3: Run most of the pace time. Take one quick walk and then get back in.
 - Success! Students are running 2 minutes without walking or stopping by the end of quarter 1.

WATER BOTTLES FOR PHYSICAL EDUCATION

Staying hydrated is important to a person's health and to their physical performance. Our PE students work hard and need to stay hydrated. Please ensure your student brings a water bottle (with water) to class every day.

WHAT ARE WE DOING IN GYM CLASS TODAY?

There is a lot happening in the DMS gym for physical education.

Moving Mondays with Ms. Day-Nelson and Mr. Trevorrow: Students participate in large group activities with a double class. Students will have the opportunity to implement safe practices and follow game rules as well as demonstrate cooperation, strategy, teamwork, and positive social interaction.

6th-grade students with Ms. Day-Nelson and Mr. Trevorrow will work on and learn about heart rate, dynamic movements, isometric holds, and static stretching. They will be introduced to a variety of activities to get them moving.

7th-grade students in Ms. Day-Nelson's class will work on striking, targeting, and team strategies in Spikeball. They will continue to work on targeting and get their heart rates up doing skills and drills that lead to full-court floor hockey games.

8th-grade students in Ms. Day-Nelson's class will refine their striking skills and be exposed to a variety of striking games like Peteca, Paddlezlam, Speedminton, badminton, and pickleball.

INVASION OF THE CROCS!

Our motto is fashion in the hallway and fitness in the gym! Leave the Crocs, slip-ons, shoes you don't want creased, and unlaced shoes in the locker room. All students need tennis shoes, AKA: sneakers or shoes for activity. Laces should be tied on tennis shoes to provide stability and safety. The right shoe helps keep everyone safe and allows students to give their best effort.

Shoes for PE do not need to be different shoes from those worn to school. They just need to be clean tennis shoes.

If a student doesn't have shoes for an activity, they should let their teacher know. The students will have the opportunity to see if there are any shoes in the PE shoe library that they can borrow. We have socks too!

DMS SPORTS

INTERSCHOLASTIC SPORTS AT DMS!

- ★ Cross Country - Grades 6th - 8th
- ★ Football - Grades 7th & 8th
- ★ Volleyball - Grades 7th & 8th
- ★ **Boys' Basketball - 7th & 8th Grade -
SIGN UP NOW IN THE OFFICE -
PRACTICE WILL BEGIN - 10/23/23**
